Successful registration of a Domain Name does not imply the legal right to use that Domain Name or any entitlement to hold that registration and We will not investigate such rights or entitlements. You acknowledge that the relevant domain authority has the right to withdraw offending Domain Names and under such circumstances We will not be liable for any compensation or refund.
- 14.7.** By registering a Domain Name with Get Dotted You agree that it is Your sole responsibility to comply with the terms and conditions of the relevant domain authority including but not limited to Your full compliance in the event of an officially lodged domain dispute or dispute resolution procedure. Links to domain authorities are provided for Your reference at <https://freeola.com/legal/domainterms.php>. Neither We nor Our directors, officers, employees or servants nor any expert shall be liable to a party for anything done or omitted in connection with any proceedings under any dispute resolution procedure unless the act or omission is shown to have been in bad faith.
- 14.8.** You acknowledge that Freeola has no choice but to comply with any request made as part of an official dispute resolution procedure including but not limited to the transfer of Your Domain Name to another party and in such cases Freeola shall not be liable to You for any refund or compensation.
- 14.9.** You may transfer in Domain Names registered by You with another domain registrar so they are managed through Freeola and Get Dotted to enable them to be used in conjunction with the Freeola Services. Or You may transfer out Domain Names registered by You to another domain registrar for which service you may be charged Our published administration charge. Such transfers constitute a transfer of registrar not a change of registrant. The process of transferring a Domain Name from one registrar to another is controlled by the relevant domain authority.
- 14.10.** Payment of a registration fee or renewal fee or administration fee to Get Dotted does not imply acceptance. Where it transpires that a Domain Name applied for is unavailable, delayed, declined or for any reason the registration is cancelled by any authority or if any error or technical fault by any party results in the loss of the Domain Name after payment of a registration fee or renewal fee or administration fee then You may be reimbursed in full the fee paid but You shall not be entitled to any further compensation.
- 14.11.** If We inform You that Your Domain Name registration or renewal or change of details was successful You agree to personally double-check this to verify that that the correct details of the Domain Name registrant and expiry date appear in MyFreeola.
- 14.12.** You acknowledge that unless You renew Your Domain Name registrations before their expiry dates then Your Domain Name registration will lapse and this may cause You to lose all rights to Your Domain Name. You agree and acknowledge that responsibility for renewing Your Domain Name registrations before their expiry dates rests solely with You. Get Dotted may attempt to contact You prior to the expiry date of Your Domain Name registrations but We do not guarantee or warrant that such communications will reach You. Expiry dates are displayed in the domain authority's WHOIS output and may also be available to You within MyFreeola.
- 14.13.** You acknowledge that unless you renew Your Domain Name before the expiry date, dependant on the domain type, they may fall into a grace period, and/or redemption period. During this period only the registrant can renew the domain and during the redemption period a domain may be recovered for a higher fee.
- 14.14.** Domain Names can be set to Auto-Renew within MyFreeola (providing that the domain has more than one month before it expires). A payment method will be required if You do not have one set-up already. Auto-Renew can be switched off at any time within MyFreeola. Payment for Your Auto-Renewal will be taken one month in advance of the expiry date, to ensure that any issues with payment will not lead to You missing the renewal date.
- 14.15.** You are entitled to host Your Domain Names for use in conjunction with Freeola Services providing You registered the Domain Name through Get Dotted or You transferred in the Domain Name to Get Dotted management.
- 14.16.** We shall be entitled to remove hosting entitlement and delete any associated files without notice for any expired Domain Name or any Domain Name where the Domain Name itself or part of its construction is in Our opinion rude, offensive, unsuitable for a general audience or likely to breach the lawful rights of any party.
- 14.17.** Freeola reserves the right to show temporary advertising content on the web site of any Domain Name You have registered with Get Dotted or hosted with Freeola where You have not yet uploaded any web pages of Your own.
- 15. Free Sell Your Domain Facility**
- 15.1.** You may, from within MyFreeola, request Us to advertise Your Domain Names in the Domains For Sale section of Our site for the purpose of offering the rights in Your Domain Name registrations for sale. We reserve the right to deny any request for inclusion and to remove any advertisement or listing for any reason at Our sole discretion without notification.
- 15.2.** Inclusion of Your Domain Names in the Domains For Sale section of Our site does not imply or create any obligation to actually sell Your Domain Names. We will attempt to contact You with any response to Your advertisement or listing and You will be wholly responsible for any transaction which occurs as a result of such response.
- 15.3.** When submitting Your Domain Name for inclusion You are required to enter a realistic selling price for Your Domain Name or You may select 'Make Offer' instead.

15.4. Our promotional material may be included with the pages which advertise Your Domain Names.

16. Freeola Broadband Internet Connection

- 16.1.** Freeola Broadband provides high speed internet connection where available subject to an initial activation fee to new broadband users and a monthly subscription. Where the tariff does not include unlimited data, excess data transfer charges are applied if You exceed Your data transfer limit. Termination charges are applied at cost when imposed by suppliers, particularly for full cessation rather than migration.
- 16.2.** When You apply for Freeola Broadband Our system will display an initial availability check to determine whether You will be able to migrate an existing connection or activate a new one. Information from this system including availability is not guaranteed and should always be considered to be provisional until an actual activation takes place. Furthermore, accurate data relating to maximum speeds and other performance issues may not be available until at least 10 days following activation of Freeola Broadband.
- 16.3.** Freeola will endeavour to keep You informed and provide instructions and support during the migration or activation process and will endeavour to launch the broadband connection by the date stated in Our confirmation letter or email. However no guarantees are given due to the possibility of unforeseen technical circumstances.
- 16.4.** If for any reason We are unable to supply Freeola Broadband to You We will advise You as soon as possible and arrange for any monies paid in advance in lieu of the service to be refunded to You. If on the day following the activation date You are unable to use Freeola Broadband You should contact Us at Your earliest opportunity to report a failure to launch. We will investigate this and attempt to resolve it as soon as possible. Providing You have reported the failure to launch within 48 hours of the stated activation or migration date and You are not in any way responsible for the fault We will arrange for a credit to be raised in lieu of any unusable period upon request.
- 16.5.** Freeola reserves the right to decline or cancel any application for Freeola Broadband at Our sole discretion at any time during the migration or activation procedure. Some migrations and some activations are not successful.
- 16.6.** Migration may save You the cost of a new activation if You are currently receiving broadband from another internet service. If You have already ceased Your existing connection a new activation will be required. On the day Your broadband is due to be migrated You will need to change the connection User name and Password stored on Your computer or in Your router to the new settings provided by Freeola. We will endeavour to provide clear instructions and assistance with such settings.
- 16.7.** We provide You with a 14 day cancellation period, which begins the day after We accept Your order. If You decide to cancel in this period, You will have to pay for the services that You have used and any connection charges that may apply, even if these were discounted or free when You signed up. If You received any discounted equipment, that You wish to keep, You will no longer be eligible for the discount and will be required to pay the difference. For information on cancelling after this period, see Section 9 Notice & Termination.
- 16.8.** Freeola Broadband products are designed for normal home and small business use only. Where the word "unlimited" or any word or phrase of similar meaning appears in Our description of any Freeola Broadband tariff or offer this does not imply any exemption from any of these Terms & Conditions under any circumstances, but merely that excess charges do not apply to that particular part of that tariff or offer. For the avoidance of doubt We do not consider the unauthorised upload, download, swapping or sharing of copyright media files to fall within normal home and small business use.
- 16.9.** Freeola Broadband does not offer any guaranteed speed or service levels. Service speeds may vary at any time due to contention, internet conditions, telecommunications load or Your equipment. Due to the nature of Freeola Broadband and all ADSL based products Freeola will under no circumstances offer refunds or discounts in lieu of service speeds or availability failing to reach Customer expectations.
- 16.10.** We reserve the right to enforce data traffic management techniques at any time in order to maintain a high quality service for all Users of The Broadband Service.
- 16.11.** Your data transfer usage can be monitored by You from within MyFreeola. If Your Freeola Broadband tariff specifies data transfer limits and You exceed these in any given month We will apply data excess charges at Our published rate to Your next monthly bill. You may change Your choice of tariff from within MyFreeola subject to payment of a small administration fee shown during the process. Tariff changes are applied from the start of the next payment period. Freeola reserves the right to deny any tariff change for technical or operational reasons.
- 16.12.** If You experience a fault with Your Freeola Broadband connection You should report this to Us at Your earliest opportunity. Our staff will attempt to diagnose the cause of the problem and if third party intervention is required, We will escalate the fault to Our suppliers for resolution. In such cases We will write to You to set out clearly Our procedure to resolve the fault. We are unable to guarantee resolution of all reported faults or issues.
- 16.13.** If You have reported a fault then Freeola or Our supplier may choose to send an engineer or representative to Your premises to investigate. Prior to sending the engineer We will notify You of the date and time band. If no fault is found or the fault is attributable to incorrect set-up or other actions by You or if the engineer is unable to gain access to Your premises then Freeola or Our supplier reserve the right to bill You for reasonable costs or standard charges relating to the visit. If the engineer or representative fixes a genuine fault beyond Your reasonable control or scope of responsibility a charge will not normally be made.
- 16.14.** We shall not provide compensation for any period of time where You are unable to access The Broadband Service due to a fault with Your connection equipment regardless of who supplied the equipment.
- 16.15.** If for any reason the BT telephone line used to provide Your Broadband Service is ceased and We have not received any official notice of Your intentions We will request an immediate termination of Your Freeola Broadband. Freeola reserves the right to recover any outstanding payments due including at Our sole discretion an administration fee of £25 in lieu of the additional work We incur as a result of such terminations.
- 16.16.** We are unable to move a Freeola Broadband connection directly from one premises to another, even if You move Your broadband telephone number. If You move premises You should follow Our termination procedure in

accordance with the Notice & Termination provisions within these Terms & Conditions. Please then sign-up for a new Freeola Broadband connection in the normal manner for Your new premises.

16.17. If You report a fault with Your service which requires an engineer visit, a visit from an engineer will be arranged for You. If an engineer finds a fault is due to Your internal wiring, equipment or configuration then You may be liable for the costs of the engineer visit.

16.18. Freeola Broadband Payment Procedures

16.18.1. When You apply for Freeola Broadband You will be asked to pay an activation fee or migration fee plus the monthly charge for the Freeola Broadband tariff You have chosen plus any hardware or accessories You have chosen. This amount must be paid by a credit or debit card.

16.18.2. For Your ongoing regular subscription payments for Freeola Broadband We recommend that you set up a Direct Debit mandate. We may establish a fallback payment mandate using the credit or debit card used when placing Your order which may be charged in the event of a payment failure on Your Direct Debit mandate.

16.18.3. Your Current Payment Period may not align with Your actual payment dates and may require adjustment pro-rata to co-ordinate with Our payment collection cycles. Any pro-rata adjustment will be based on Your daily rate calculated as a proportion of Your monthly Freeola Broadband tariff. In practice this means that some charges may be for more than a month or less than a month especially during the early months and although We require monthly payments in advance We may in fact defer collection by several days into the Current Payment Period.

16.18.4. Elements of Freeola Broadband such as excess usage charges, call-out charges or cessation fees may be charged in arrears.

16.18.5. Freeola reserves the right to withdraw promotional discounts at its sole discretion if one or more of Your regular subscription payments fail.

16.18.6. Freeola reserves the right to change the range or scope of Broadband Tariffs and promotions at any time. Price increases or changes to Broadband Tariffs which negatively impact Your Broadband Tariff will be notified to You no less than 30 days in advance. We are under no obligation to notify You in advance of price decreases.

16.18.7. Terms and conditions shown under the heading of Payments in these Terms & Conditions also apply.

16.19. Freeola Broadband Migration Notes

16.19.1. If You wish to migrate Your Broadband Service to an alternative provider, You should not cease Your current connection as this may incur termination fees. Your chosen provider should inform Us of Your migration request. You agree that We will continue to charge You for Freeola Broadband until such time that We receive notification from Your new provider that Your connection has been successfully migrated. Furthermore You agree and understand that if You subsequently request a termination or if We are unable to collect Your monthly payment and are forced to request a termination the migration will almost certainly fail. Freeola shall not be responsible for any outcome as a result of this including but not limited to activation fees charged by Your new provider.

17. Line Rental

17.1. Freeola's Silent Line Rental can be used for a broadband connection and to receive incoming calls. There is not a facility to make outbound calls to any numbers, other than freephone or emergency services.

17.2. Terminating Your line rental will result in all other services that rely on the line, such as broadband also being terminated. You could be liable for cease charges or early termination charges for services on the line.

17.3. Transfer fees may differ depending on Your current line type. If You do not have a line, We can arrange for BT to install a new line.

17.4. You have a 14 day cancellation period, which begins the day after We accept Your order. If You choose to cancel within this period, You will have to pay for the services You have used and any connection charges that may apply, even if these were discounted or free when You signed up.

17.5. If You report a fault with Your service which requires an engineer visit, the visit will be arranged in accordance with Your service level. Escalated care options are available for expedited engineer response times. If an engineer finds a fault is due to Your internal wiring, equipment or configuration then You may be liable for the costs of the engineer visit.

17.6. If You choose to accept any reverse charge or collect calls, You will be liable for the charges accrued. An itemised bill can be issued upon request.

18. Assignment, Enforceability, Waiver & Jurisdiction

18.2. If any of the provisions of this agreement are found by any court to be invalid or unenforceable the invalidity or unenforceability of such provision shall not affect the other provisions of this agreement and all provisions not affected by such invalidity or unenforceability shall remain in full force and effect. Failure or neglect by Freeola to enforce at any time any of the provisions of this agreement shall not be deemed a waiver of Freeola's rights hereunder nor prejudice Freeola's rights to take any subsequent action.

18.3. Failure by You or Us to exercise any right or remedy under this Agreement does not constitute a waiver of that right or remedy.

18.4. A waiver of any rights under this agreement is only effective if it is in writing and it applies only to the party to whom the waiver is addressed and for the circumstances it is given.

18.5. These conditions shall be governed by and construed in accordance with English Law. Both You and Freeola hereby irrevocably submit to the non-exclusive jurisdiction of the English Courts for the purpose of hearing and determining any dispute arising out of this agreement and for the purpose of enforcement of any judgement.

20.2. Freeola makes no representations or warranties about the accuracy, completeness or suitability for any purpose of any advertisement or information published by Us or received by You from Us. Such material may contain technical inaccuracies or typographical errors. All liability of Freeola however arising for any such errors or inaccuracies is expressly excluded to the fullest extent permitted by law.

20.3. Freeola does not exclude or limit its liability in negligence for death or personal injury or for fraud, or otherwise in so far as any exclusion or limitation of its liability is void, prohibited or otherwise unenforceable by law. Subject to this Freeola is not liable under any circumstances for any loss or damage whether direct or indirect which results or may result from Your use of the Freeola Services (including but not limited to corruption or loss of data, defects, delays in transmission, loss of profit and goodwill or any failure or unavailability of the Freeola Services) or for any reliance on or use of information, services or goods purchased on or through the Freeola Services. Notwithstanding the foregoing none of the exclusions and limitations in these conditions is intended to limit any rights You may have as a consumer under local law or other statutory rights which may not be excluded. In circumstances where there is a liability but which it is lawful to limit the aggregate liability of Freeola shall not exceed the charges paid to Us by You.
